East Walpole July 1887

Dear friend May

I feel much obliged for the generous contribution which you have sent me, and the kind wishes expressed in your letter. But I should enjoy very much having you present at the gathering. It would certainly be very pleasant to meet with you and Mr Weld, and a few others who are left, who were friends of Mr Garrison, and who worked for the slave when it was very unpopular to do so. Yours with sincere regard & respect E Thompson

P.S. I made a mistake
in writing Adin, for Eli,
